

Introducing the new 17-inch MacBook Pro.

A battery that lasts up to 8 hours.¹
A high-resolution widescreen display.
Now everything in the 17-inch MacBook Pro
is huge. Except its size and weight.
EPP price starting at \$2575.

iLife '09 and iWork '09.

iLife '09 comes on every new Mac so you can get the most out of your photos, movies, and music using the latest versions of iPhoto, iMovie, GarageBand, iWeb, and iDVD. Add iWork '09 and start creating documents, spreadsheets, and presentations—the Mac way.

As an EPP member you qualify for preferred pricing on the latest Apple products and accessories. Order today through your EPP online store or call 877-EPP-MEMBER.

¹Testing conducted by Apple in December 2008 using preproduction 2.66GHz Intel Core 2 Duo–based MacBook Pro (17-inch) units with a Better Battery Life setting. Battery life depends on configuration and use. See www.apple.com/batteries for more information. The wireless productivity test measures battery life by wirelessly browsing various websites and editing text in a word processing document with display brightness set to 50%.
